Nikhat Samir Maindargi, M.Pharm in Pharmaceutics, brings a wealth of academic and practical experience to her role. With two years as a Lecturer at Vijayrao Naik College of Pharmacy, her expertise spans pharmaceutical formulation and research. Recently awarded a patent for the Ventone trademark and Varicose Vein Lotion, Nikhat has demonstrated innovative prowess in dermatological care. She has presented at three international conferences and one national conference, contributing valuable insights to the field. Nikhat's commitment to advancing pharmaceutical sciences and her dedication to education underscore her role as a promising contributor to the field of pharmacology.

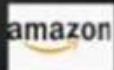

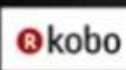

Akanksha Vijaykumar Rathod, with two years of experience as a Lecturer at Vijayrao Naik College of Pharmacy, has made significant contributions to the field. She has authored two book chapters and two books, showcasing her expertise and commitment to advancing pharmacological knowledge. Akanksha's work reflects a deep understanding of pharmacy education and research, aimed at enriching both academic literature and practical applications in the field. Her contributions highlight her dedication to fostering learning and innovation within the pharmaceutical sciences.
